

## Invitation to the RESET-Event “Women in Science”, 15.02.2023; 10-13:00h CET

The poster features a central image of a smiling woman with long dark hair wearing a purple jacket. To her left, the text 'WOMEN IN SCIENCE' is written vertically in large, bold, purple letters. Above her, the text 'INTERSECTIONAL & INTERNATIONAL PERSPECTIVES ON SCIENTIFIC CAREERS' is written in orange. Below her, an orange circle contains the text 'SCIENTIFIC INPUT DISCUSSIONS NETWORK EXCHANGE EXPERIENCES'. To the right of the woman, a purple circle contains the text 'JOIN THE EVENT: 15.02.2023 10-13:00 CET ZOOM'. Below this, a QR code is labeled 'REGISTRATION:'. At the top left, the RESET logo is shown with the text 'Redesigning Equality and Scientific Excellence Together' and 'RUHR UNIVERSITÄT BOCHUM RUB'. At the bottom, there are logos for the European Union, Horizon 2020, and various partner institutions including RWTH Aachen University, Leibniz Universität Hannover, and others.

In celebration of the International Day of Women and Girls in Science, RESET - Redesigning Equality and Scientific Excellence Together invites you to an event focused on women's scientific careers in the early career stages. We will be talking to women in science about strategies for building a career in science. We will focus specifically on the intersection of gender and upward educational mobility, with an emphasis on female first-generation academics in the opening keynote and panel discussion. In the second, interactive part of the event, we will host break-out sessions. The goal of the break-out sessions is to give participants the opportunity to reflect together on issues related to academic career development under the moderation of experienced scientists, advisors, or science managers.

“Women in Science: intersectional and international perspectives” is open to a large audience. It is aimed especially at female early-career scientists and all those who are interested in providing impulses for the promotion of equal opportunities in science.

### **Schedule:**

10:00-10:15: Welcoming and introduction to the session

10:15-10:45 Keynote on the intersections of gender and upward educational mobility in science

10:45-11:30 Panel Discussion about career development and educational upward mobility + Q&A

11:45-12:30 Break Out Sessions, focusing on early career researchers

12:30-13:00 Final Discussion, End of Session

This event is organized in the framework of the RESET - “Redesigning Equality and Scientific Excellence Together” project. RESET is a Horizon 2020 Coordination and support action aiming to address the challenge of Gender Equality in Research Institutions in a diversity perspective.

**Further information about the event will be available soon.**  
**Language of the event - English.**
